Ltd. with registered office at 319 Chamchuri Square Building, 41st Floor, Phayathai Road, Pathumwan Sub-district, Pathumwan District, Bangkok 10330 (head office) at no additional cost
 - 7.2. Customer can request for SIM card replacement in case of loss or damaged SIM card via LINE MOBILE application or call 02-202-8585 (free).
8. LINE MOBILE internet services with EDGE/3G/4G technology is brought by Service Provider for convenience of Network customers. The service may have some limitations in certain locations or certain periods of time. The speed of 3G/4G technology usage depends on service area, number of service users, connecting devices and the set-up of devices, which means each time service is not always with the continuous maximum speed. The movement of connecting devices

might also temporarily affect data transmission and data transmission technology. Customers are encouraged to study usage instructions in full details.

9. The LINE MOBILE package is for personal usage only. Not for commercial usage purpose such as usage for internet café, game center or call center. Not for reselling/ rental purpose for profit or huge and continuous information transfer that effect other customers such as usage for Bittorrent or usage with electronic devices that need to connect for continuous huge data. If Bittorrent usage is detected, the Company will terminate Bittorrent usage automatically.
10. In case of the Company finds out or suspects that customers are downloading and/or uploading huge size files or any other usage with huge and continuous information transfer out of normal personal usage manner, using service in the manners that effect service provided or generate unfairness, creating damages, or effect other customers' usage and/or Network or overall Company's service providing experience, the Company has the right to appropriately manage the Network to maintain overall service level and help overall customers for most effective usage. The Company can adjust package or limit customer usage and/or mobile internet speed as deem appropriate. In this incident, the Company might reduce service speed lower than specified in the package details.
11. Service Provider does not encourage or is related to the case of customers using LINE MOBILE services in violation of laws or terms of service in any form. If Service Provider finds out or has received complaints on such actions, the Service Provider reserves the right to immediately terminate service provided without prior notice.
12. International calls, roaming services, audio text, premium number service and other promotion services beyond the privilege mentioned above including but not limited to other charges such as package change fee, and Service Providers' download fees are not included in service fee rates in 2. Customer must study terms and conditions of each Service Provider in full details before all service applications.
13. Service rate fees are subject to 7% VAT.
14. Customer who is eligible to apply for this package must hold active service status and is not in temporary suspended service status.
15. Customer must study terms and conditions, service rate fees, settings and internet service area. The speed of LINE MOBILE internet is dependent on service time period, density of service users and quality of connecting devices. In the case of data roaming usage, service rate fees will depend on Foreign Service Providers.
16. Thai or Thai-with-English SMS, 70 characters are counted as one SMS. English SMS of 160 characters are counted as one SMS. In the case of SMS characters exceeding limits above, it will be counted as another new SMS. Recipients might receive single or separate SMS, depending on receiving device's capability. For symbols or special characters, character counts will be calculated differently due to system technical limitations.
17. The package is under Service Provider's terms and conditions. Customer can learn more about LINE MOBILE terms and conditions at th.linemobile.com. LINE MOBILE reserves the right to cancel and/or adjust this package as deem appropriate. LINE MOBILE will notify customers in case of any changes.
18. Special privilege for this package is limited to individual communication only. Commercial use in any form that is prohibited by law including using the service for voice over IP (VOIP) is not allowed. Should there be any breach of this condition the operator has the right to suspend or terminate the service and revoke all promotions related to this package and customer will be billed in a normal rate according to an actual usage
